Research Changes Lives!

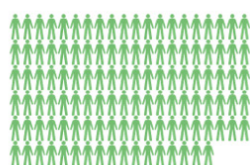

Thank you for considering partnering with the 2024 Pittsburgh Metsquerade benefitting METAvivor. The Pittsburgh Metsquerade is a fundraiser for METAvivor, a non-profit organization that uses 100% of donations for metastatic breast cancer research. Your support honors METAvivor's mission to transition metastatic breast cancer from a terminal diagnosis to a chronic, manageable disease with a decent quality of life.

METAvivor exists to sustain hope for those living with Stage IV metastatic breast cancer (MBC).

Why Partner?

METAvivor is the only organization in the US that exclusively funds MBC research through a scientific peer-review process. They award research grants to individuals with a clinical or other doctoral degree who are actively engaged in areas of metastatic breast cancer research, and whose proposals show distinct promise in making a difference for the Stage IV breast cancer community.

Did You Know?

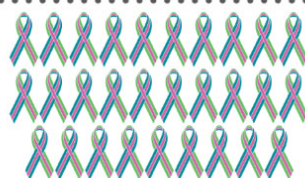

117 individuals die every day from MBC in the U.S.

More than
42,800
people will die from breast cancer in the United States in 2023.

Only **2-5%** of funds raised for breast cancer research is focused on research for the already metastasized patient

Since 2009, METAvivor has funded 193 grants totaling

\$28.9 million

100%

of your donation to **METAVIVOR** will fund metastatic breast cancer research

30% of people diagnosed with early stage breast cancer will eventually metastasize

2022 Impact

In April 2022, the Pittsburgh Metsquerade community gathered to advocate for our loved ones living with MBC and to honor family and friends taken from us much too soon. Thanks to the generosity of our donors, we collectively raised over \$250,000 to fund potentially life-saving research for metastatic breast cancer treatment.

Through METAvivor, the 2022 Pittsburgh Metsquerade presented an Advisors Research Award and a Translational Research Award in honor of members who died of MBC during event planning: **Jill Griffin, Andrea Dimond, Lori Czyzewski, Sophia Holland, Amy Fletcher, Bindy Koontz, Roberta Thomas Szpara and Laura Williams.**
